Dear [REDACTED]

CASTLE VISITORS CENTRE DEVELOPMENT

We at Dundonald Bowling Club are delighted on your proposals for the new centre. We know you have many different groups from our community that go to your premises at present and you are now short of space. So of course a larger premises would enable you to do so much more. As your neighbours at the back door of the centre, if we can help you with your extension by access or other means we will be delighted to do so.

Best Wishes for the future
